WORKSHOP ON DISASTER MANAGEMENT AT IIPA, DELHI

National Academy of Human Resource Development (NAHRD) was established to deliver competency-enhancing learning to officials of Central Govt., State Govt., Public Sector Undertakings, Autonomous Bodies, Banks, Insurance Companies, etc. We have organized large number of workshops in the past, which have been very well attended and appreciated by officials of various organizations across the country.

Indian Institute of Public Administration (IIPA) is an autonomous organization under Department of Personnel & Training, Government of India. IIPA was formally inaugurated by the first Prime Minister of India, as the first President of the Society, on March 29, 1954 in New Delhi. The Institute has been set up to equip the public servants with domain knowledge, functional skills, and behavioral competencies required for managing the task of governance. The institute provides technical skills of management, human skills for coordination roles and conceptual skills for taking up leadership roles in public policy planning and execution. In its effort to enhance the leadership, managerial, and administrative capabilities of the executives in government and public sector enterprises, the Institute works in close collaboration with national and international organizations.

A workshop on Disaster Management is being organized by NAHRD in collaboration with IIPA from **08.09.2025 to 09.09.2025 at New Delhi.**

India recognizes that hazard risk prevention and mitigation are vital for sustainable development. The Government of India, under the Disaster Management Act, 2005, prioritizes prevention, preparation, and mitigation. To support this, the National Academy of Human Resource Development (NAHRD) proposes a two-day "Disaster Management" training programme. India's diverse geography makes it prone to natural and human-induced disasters. The National Disaster Management Plan (NDMP) 2016 emphasizes disaster risk reduction through prevention, preparedness, and mitigation. This training will enhance participants' knowledge of disaster risk reduction, legal frameworks, first aid, and response. Expert sessions will promote a "Build Back Better" approach and equip participants with essential disaster management skills, including:

- Disaster Risk Reduction (DRR) Strategies
- Legal and Institutional Frameworks
- Emergency Response Techniques
- Developing Disaster Management Plans
- Managing Human-Induced Hazards
- Ethical Considerations
- Collaboration and Coordination
- Template for the formulation of DM Plan

National Academy Of Human Resource Development
A-456, LGF, Defence Colony, New Delhi- 110024

The workshop will be organized on highly participative lines. The training methods will include lectures, group discussions, exercises, presentations, case studies, role-plays etc.

Subject experts having practical knowledge and understanding of the subject will be invited as faculty for the present subject.
