### **WORKSHOP ON SAFETY, RISK & DISASTER MANAGEMENT AT KATHMANDU (NEPAL)**

National Academy of Human Resource Development (NAHRD) was established to deliver competency-enhancing learning to officials of Central Govt., State Govt., Public Sector Undertakings, Autonomous Bodies, Banks, Insurance Companies, etc. We have organized large number of workshops in the past, which have been very well attended and appreciated by officials of various organizations across the country.

A workshop on **Safety, Risk & Disaster Management** is being organized by **18.02.2026 to 21.02.2026 at Kathmandu (Nepal)**

India recognizes that **risk prevention, safety management, and disaster mitigation** are critical pillars of sustainable development. Guided by the Disaster Management Act, 2005, the Government of India places strong emphasis on prevention, preparedness, and mitigation to minimize the impact of both natural and human-induced hazards. In alignment with these national priorities, NAHRD is organizing a two-day training programme on Safety, Risk & Disaster Management. Given India's diverse geography and vulnerability to earthquakes, floods, cyclones, industrial accidents, and other emergencies, this programme is designed to strengthen institutional and individual capacities for effective risk reduction and resilient response. The training draws on the National Disaster Management Plan (NDMP) 2016, which advocates disaster risk reduction through proactive safety measures, preparedness, and mitigation strategies. Participants will gain practical insights and hands-on learning in essential areas of disaster and risk management, supported by expert faculty and case-based discussions. Expert sessions will promote a "Build Back Better" approach and equip participants with essential disaster management skills, including:

- Disaster Risk Reduction (DRR) Strategies and Safety Protocols
- Legal and Institutional Frameworks under DM Act, 2005 & NDMP 2016
- Emergency Response Techniques including First Aid & Evacuation
- Developing and Implementing Disaster Management Plans
- Managing Human-Induced Hazards such as industrial & chemical risks
- Risk Assessment, Safety Audits, and Ethical Considerations
- Inter-agency Collaboration and Coordination for effective response
- Template and Methodology for Preparing a DM & Safety Plan

#### **Workshop Methodolgy**

The workshop will be organized on highly participative lines. The training methods will include lectures, group discussions, exercises, presentations, case studies, role-plays etc.

Subject experts having practical knowledge and understanding of the subject will be invited as faculty for the present subject.
