WORKSHOP ON EFFECTIVE USE OF ARTIFICIAL INTELLIGENCE (AI) IN HR & FINANCE
AT AMRITSAR

National Academy of Human Resource Development (NAHRD) was established to deliver competency-enhancing learning to officials of Central Government, State Governments, Public Sector Undertakings, Autonomous Bodies, Banks, Insurance Companies, etc. We have organized large number of workshops in the past, which have been very well attended and appreciated by officials of various organizations across the country.

A workshop on **Effective Use of Artificial Intelligence in HR & Finance** is being organized by NAHRD from **22.02.2026 to 25.02.2026 at Amritsar.**

Individuals, Business, Industry and Governments, all are using various AI tools for variety of sophisticated and complex personal and professional activities. The rapid advancement of Artificial Intelligence (AI) presents significant opportunities for organizations to revolutionize their office workplaces. This comprehensive training program aims to equip participants with the knowledge and skills needed to leverage AI effectively, driving productivity, and enhancing efficiency in the workplace. Through a series of interactive sessions, participants will explore various AI applications, learn about key technologies, and understand the ethical considerations surrounding AI adoption.

AI can certainly be leveraged in **HR and Finance** to automate tasks, analyze data, and support overall organizational efficiency. In HR, AI can streamline recruitment, learning & development, performance management, and workforce planning. In Finance, AI can assist in budgeting, forecasting, expense management, fraud detection, and accounting automation. By reducing the burden of repetitive work, AI enables HR and Finance professionals to focus on more strategic, value-driven responsibilities. Broad contents of the program are as given below

- Benefits of AI at the Workplace
- Transforming HR with AI & Analytics
- Automating HR Functions through AI
- Personalized Employee Experience with AI
- Addressing Skill Gaps with AI
- Effective Use of AI in Office Finance
- AI in Budgeting, Forecasting & Fraud Detection
- AI Tools for Document & Workflow Management
- AI for Travel, Facility & Compliance Management
