## **WORKSHOP ON LITIGATION MANAGEMENT THROUGH ARTIFICAL INTELLEGENCE (AI) AT LEH, LADAKH**

National Academy of Human Resource Development (NAHRD) was established to deliver competency-enhancing learning to officials of Central Government, State Governments, Public Sector Undertakings, Autonomous Bodies, Banks, Insurance Companies, etc. We have organized large number of workshops in the past, which have been very well attended and appreciated by officials of various organizations across the country.

A workshop on **Litigation Management Through Artificial Intelligence(AI)** is being organized by NAHRD from **09.08.2026 to 12.08.2026** at Leh, Ladakh.

The object of the workshop is to equip the officers working in government organizations with the knowledge and skills required for “Handling of Court Cases”. This will help the officers in handling the court cases on behalf of the organization more effectively. It is needless to mention that effective handling of court cases on behalf of the organization leads to better results for the organization in court proceeding as it is seen that improper handling of court cases by departments results in huge inconvenience to the department and sometimes unreasonable advantage of the same is enjoyed by the opposite party. After participating in the workshop, the trainee officers shall have updated their knowledge and skills in the following areas:

- Genesis, composition & functions of different courts and tribunals
- Understanding filing, listing, and disposal procedures across adjudicatory forums
- Handling of Arbitration Proceedings as claimant/ respondent
- List the preliminary objections available to the respondent
- Identify the circumstances when they are applicable
- Draft counter reply on the applications/ petitions filed before the appropriate forum
- Foundations of AI in Litigation Management
- Generative AI in the context of litigation workflows
