National Academy of Human Resource Development (NAHRD) was established to deliver competency-enhancing learning to officials of Central Government, State Governments, Public Sector Undertakings, Autonomous Bodies, Banks, Insurance Companies, etc. We have organized large number of workshops in the past, which have been very well attended and appreciated by officials of various organizations across the country.

Indian Institute of Public Administration (IIPA) is an autonomous organization under Department of Personnel & Training, Government of India. IIPA was formally inaugurated by the first Prime Minister of India, as the first President of the Society, on March 29, 1954 in New Delhi. The Institute has been set up to equip the public servants with domain knowledge, functional skills, and behavioral competencies required for managing the task of governance. The institute provides technical skills of management, human skills for coordination roles and conceptual skills for taking up leadership roles in public policy planning and execution. In its effort to enhance the leadership, managerial, and administrative capabilities of the executives in government and public sector enterprises, the Institute works in close collaboration with national and international organizations.
