WORKSHOP ON ISO MANAGEMENT SYSTEM AT GOA

National Academy of Human Resource Development (NAHRD) was established to deliver competency-enhancing learning to officials of Central Government, State Governments, Public Sector Undertakings, Autonomous Bodies, Banks, Insurance Companies, etc. We have organized large number of workshops in the past, which have been very well attended and appreciated by officials of various organizations across the country.

A workshop on **ISO Management System** is being organized by NAHRD from **21.10.2026 to 24.10.2026** at Goa.

The object of the workshop is to apprise Quality Assurance officials about the statutory requirements, government guidelines, compliance and practical processes involved in achieving, maintaining, and renewing ISO Management System Standards certification. This will help officers understand what their organisation needs to do, to build the QMS, pass the certification audit, and sustain compliance year after year, so that the quality assurance function of the organization is carried out smoothly. This in turn would enhance the organization's credibility in government tenders, GeM procurement, and public service delivery. After participating in the workshop, the participants shall have updated their knowledge and skills in the following areas:

- Understanding ISO Management System - framework, structure and key quality principles
- Implementing the System - embedding quality practices across the organisation
- Preparing for the Certification Audit - internal audit and nonconformity management
- NABCB Accreditation - verifying certification validity
- GEM procurement framework
- ISO 9001 - The flagship standard for establishing a Quality Management System to ensure consistent, high-quality products and services
- ISO 14001 - Guides environmental performance and sustainability
- ISO 45001 - Provides a framework for occupational health and safety
- ISO 37001 - Anti-Bribery Management Systems for Vigilance Functions

Workshop Methodology

The workshop will be organized on highly participative lines. The training methods will include lectures, group discussions, exercises, presentations, case studies, role-plays etc.
